Considerations in choosing paint colours

- Cool colours and tints will make a space appear larger.
- Contrasting colours contract space.
- Similar colours or values expand space.
- Warm colours and shades will make a space appear smaller.
- Always consider the amount of natural light a room will receive.

Weathershield

2 coat acrylic exterior grade paint system in 2 colours plus bone white to eaves.

Dulux has been involved with the manufacture and marketing of paint and related systems in Australia since 1918 and is the largest manufacturer of quality paint products in Australia.

Worth doing, worth Dulux.
